Every competitor will be awarded 8 points for their team finishing first, 6 points for finishing second, 4 points for finishing third and 2 points for finishing fourth. In the Agility Run Relay x & y boys are together, likewise x & y girls are together. (J1 & J2 separately).

If a House has less competitors, work out the mean average and award that sum to the house concerned.

If a House has extra competitors in the y category, omit the last competitor(s) in that House whatever the position eg. Phoenix 2 competitors, Centaurs 3, Arion 2, omit 3rd Centaurs Athlete from score sheet. Please note that this should only happen in y heats in track races and certain field events, jumps and throws).

SAFETY PROCEDURES IN ATHLETICS

TUG-OF-WAR

All sport can be intrinsically dangerous and therefore it is important to ensure that all necessary precautions are taken to prevent accidents and injury. Before the event even takes place, make sure all potentially hazardous objects (loose stones, glass, etc, etc) are removed from the throwing area. Also, forewarn pupils about the correct footwear, especially if the surface area is slippery. Because of the nature of the activity the 'Tug of War' should take place on relatively soft ground such as sand or grass. Try to ensure that the competition takes place on even ground to avoid children tripping on unseen raised ground on the back pull.

During the actual event it is imperative that pupils follow the referees commands which are:

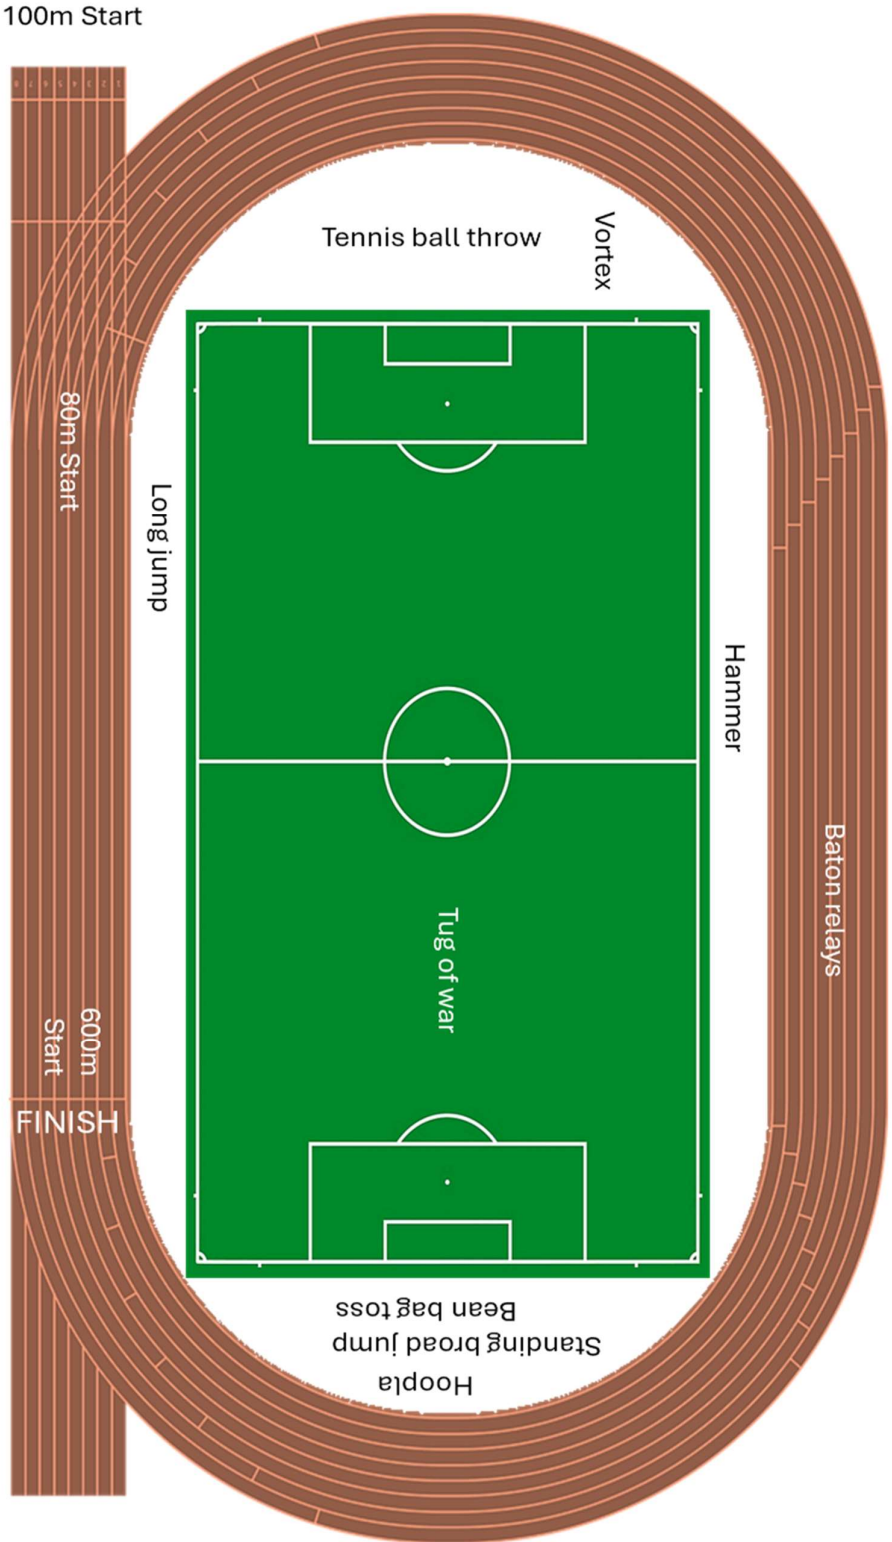

- "Take your position" – competitors align themselves besides the rope in an alternate manner ie one on the right side, the next on the left and so on.
- "Lift" – competitors lift the rope without pulling. No one should wrap the rope around their arms or hands. (The 'anchorman' is permitted to wrap the rope around his/her waist).
- "Take the strain" – pupils maximise the tension on the rope without pulling. To minimise friction burns a tight grip should be maintained.
- "Pull" – the competition commences, after one team wins it is important to announce the victors so that all competitors can hear. Neither team should drop the rope immediately otherwise competitors could 'tumble' onto one another in a 'domino effect'. It is preferable to release the tension slowly. Prior to the event pupils should be warned that the few seconds after the completion of the 'tug' are the most potentially dangerous.

REMEMBER

- Make sure both teams are of equal number.
- Make sure no one has gripped the rope in a dangerous manner.
- Make sure all spectators are approximately 10 metres away from the competitors area. Ideally the area should be cordoned off with tape, cones and/or rope.
